PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science & Engineering student with hands-on experience in full-stack web development, database management, AI-based applications, and customer-facing operations. Skilled in Python, Java, C, SQL, Node.js, Express.js, HTML, CSS, and MySQL. Strong problem-solving, teamwork, communication, adaptability, and time-management skills, with practical On-The-Job Training experience.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering | Delhi Institute of Engineering & Technology, Meerut | Dr. A.P.J. Abdul Kalam Technical University (AKTU)

Current Semester: 7th | Expected Graduation: 2027

TECHNICAL SKILLS

Programming: Python, Java, C, SQL

Web: HTML, CSS, Node.js, Express.js

Database: MySQL

Tools: Visual Studio Code

Core: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, OOP

WORK EXPERIENCE

On-The-Job Training – 510 Army Base Workshop

- Gained practical exposure to professional workplace processes, technical operations, and disciplined work environments.
- Applied technical learning to real-world tasks while following workplace procedures and maintaining accuracy.
- Strengthened teamwork, communication, problem-solving, and time-management skills through hands-on training.

Cashier – Vishal Mega Mart, Sardhana Road, Meerut

- Handled customer billing and cash transactions accurately and efficiently.
- Performed daily cash entry and maintained day-wise cash records in the store system.
- Assisted customers with billing-related queries and maintained professional customer service.
- Managed payment processing and supported smooth day-to-day store operations.

PROJECTS

Smart Attendance Management System with Face Recognition

- Developed a face recognition-based attendance management system.
- Implemented secure user authentication and attendance management.
- Integrated MySQL for storing user and attendance records.
- Designed an intuitive interface for attendance tracking and administration.

Student Notes Chatbot

- Developing an AI-powered chatbot to help students access academic notes and study resources.
- Integrating natural language processing to understand user queries.
- Using Python, Dialogflow, and Node.js.

CERTIFICATIONS

- Industrial Training Certificate – 510 Army Base Workshop
- Scientific Computing with Python – freeCodeCamp

STRENGTHS

Problem Solving • Quick Learner • Teamwork & Collaboration • Communication Skills • Adaptability • Time Management • Analytical Thinking • Self-Motivated
